This conference will develop the knowledge, skills and report writing abilities essential to the professional development of use of force instructors and police union agents, or for the provision of expert opinions for internal police processes, civil and criminal trials, coroners' inquests and other related inquiries.

Interested candidates for this course include current or former use of force instructors, police union agents, police oversight bodies and legal counsel who have an interest in developing a deeper understanding of the subject area and/or building the foundational skills towards becoming a court-qualified use of force expert
